JOINT INTELLIGENCE STUDY PUBLISHING BOARD

MEMORANDUM FOR: Members of Joint Topographical Subcommittee
Joint Intelligence Study Publishing Board

SUBJECT: Static Intelligence Surveys Project in CIG

STATINTL

1. [redacted] visited this office on
27 November 1946 to discuss the interest of Central Intelligence
Group in preparing static intelligence studies.

2. CIG considers it one of their functions to coordinate
static intelligence work in the US Government and to eliminate
duplication of effort within the Government in the preparation
of regional studies.

STATINTL

3. [redacted] was given copies of the basic directive
and flow chart for JISPB as evidence that JISPB was established
to perform these functions.

4. It was the consensus of this discussion that it would
be direct duplication for CIG to prepare static intelligence
studies with JISPB continuing its present function. Some plan
of coordination, integration, or consolidation of JISPB with
the CIG program seems desirable.
